VOLUME TEN

MARINE HIGH SCHOOL

MARINE, ILLINOIS

PUBLISHED BY..THE JUNIOR CLASS

#### FOREWORD

Once again, We, the Junior Class of Marine High School take great pleasure in presenting for the tenth consecutive year our school annual, for the pleasure and enjoyment of our parents and interested friends. We sincerely hope that this volume is worthy of the time and money invested in it.

**DEDICATION**

-TO-

THE BOARD OF DIRECTORS  
of  
MARINE PUBLIC SCHOOL

Who ably and loyally devote their time and thought to the betterment of our school, in the past, present, and future. May the three who are now in office, Earl Prott, Ben Hess, and Walton Faires, continue in the good work they have been accomplishing. May God continue to guide them in their endeavors.

DORIS WEBER

This class of '49 is a small group but what we lack in quantity we make up for in quality (we're not bragging--just stating facts). I cannot say what the enrollment was in the first grade of the class of '49, as there is not one of us here who started his first year in Marine.

In our first year of High School Betty Zika, Dorothy Howard, John Voegele, Margaret Ware, and Russell Hess came from the eighth grade to enroll here, and Betty Jane Bohnenstiehl, Doris Weber, and Harry Olive came to Marine from country schools. During our first year we lost Russell Hess, as he liked home better than school.

Beginning our second year we had a pleasant surprise in store for us as James Goodall, Ray Gimney, and Alvin Trampe decided Marine was the place for them, too. This made our class larger than it had ever been before, as we then had ten members.

In the third year, much to our sorrow, we lost two members who had come up with us from the grades; Dorothy Howard and Betty Zika. Dorothy has taken to married life and Betty seems to like St. Paul's school. This left us with the same number which we had back in our first year.

Below we give you the autobiographies of our eight loyal members: Doris Weber, Betty Bohnenstiehl, Margaret Ware, James Goodall, Ray Gimney, Alvin Trampe, John Voegele, and Harry Olive. We hope to be able to keep this enrollment and possibly add new members before we graduate in the spring.

#### Betty Jane Bohnenstiehl

One Thursday night, April 8, 1932, a baby girl was born to Mr. and Mrs. George Bohnenstiehl. This was I. All this took place on a farm about three miles southeast of Marine. What a calamity!

As I was the only girl, I always liked to play out-doors with my

Betty Jane Bohnenstiehl-Continued

two big brothers. I guess they must have enjoyed it pretty much, though because I seemed to be their pride and joy.

When I was six years of age, I started to Steinkoenig School. (A little country school but a very nice one). I walked every day except when the snow drifted, as it was very close to our house. During my eight years I had eight teachers. In the year of 1946 I graduated with the pleasure of having the highest honor in the Marine township rural schools. I was asked to give a reading on Graduation Day at the Edwardsville High School. It was really a thrill! Then came the day to start high school. I chose Marine High for my first three years. It was different than grade school because I really missed recess during which I ate some lunch. I always liked to eat.

When in high school I belonged to the Latin Club, Glee Club, and Science Club. I have taken part in two junior plays. As this is my third year of high school, I will say we had some wonderful times together. I intend to finish high school and from there on I do not know. Time will only tell!

Ray Gimney

On January 19, in the year 1933, a crying, but healthy baby, was born. It was very warm that day, in fact it was so warm, that the chickens were laying eggs all over the lawn.

I don't remember much about my first four years of my life that I would want to tell. At the age of five I started to school, even though I didn't want to. I had a big fat teacher that scared me so bad that I ran outside and started crying. After a while I got over it, so I sat on her lap. I passed the first year O. K. From there I ventured on to the second grade, where I made it and passed with flying colors (I thought). The third year wasn't so interesting to me. A few things happened that year though. First, I was running around the school house when "bang" I bumped into another child, who had a harder head than I. Next, I broke my left knee cap while playing tag.

After I was out of grade school, I moved to Illinois. I forgot to tell you that I used to live in Oklahoma. I started to school at St. Jacob as a Freshman. The first day I didn't enjoy very much since I didn't know anybody, so I tried to get acquainted. It didn't take long to get acquainted, so the rest of the school year I enjoyed very much. After that year we moved to Marine.

My Sophomore year I began at Marine, where it wasn't so bad to become acquainted with. It was a very pleasant year for me even though I didn't get to finish it. The reason I didn't finish was that our family left on their vacation a month earlier.

This year I have enjoyed very much also. I am very sorry that

### Ray Gimney-Continued

This school doesn't have a four year High School. I mean I dislike the idea of leaving this highschool to go to another one. All I can say is, that if I had all my highschool years to go again I would want to go right in Good old M. H. S.

### James Goodall

On August 26, 1932, a baby was born to Mr. and Mrs. Charles Goodall. The event took place on a farm called the "Hill" about two miles east of Highland, Illionis, on new route 40. All that remains of my birthplace now is a lone pine trees that stands on a hill. When I was a few weeks old, I was taken to St. Louis to live at various addresses for the next five years. We had to move to the country near Jamestown and I enrolled in the first grade. After going to school for less than a year, I moved again, this time to a location a few miles east of my birthplace. There I attended Oak Grove School, District 39, for eight years of preparation for High School. During those eight years, I had three different grade school teachers. My first was Roy S. Murray, now a business man in Highland. Next I had a Miss Leutwiler, also from Highland. Finally I was in the graduating class of Miss Woods from Collinsville.

During those eight years I moved twice, each time not over a mile from the preceding location. The next year I rode to Highland with my neighbors, where I attended Highland Public, as a Freshman. I was much interested in a course I took there, "Manual Arts and Training" under Mr. Pulliam. Before I finished my Freshman year, my father purchased a milk route from Mr. Joe Vogelbacher, Jr., of Marine. In the fall of the next our family moved to Marine and I attended Marine H. S. there my Sophomore year. There I played on the softball and basketball teams. I also was cast in several plays and operettas. Now I am finishing my Junior year at M.H.S. Next year I am looking forward to attending Highland H. S. for my Senior year. I have enjoyed my first three years and I am looking forward to my fourth.

If during the course of my autobiography you notice that I haven't included any of my personal childhood experiences, it is not because I am ashamed of the way I behaved as a child. I was not a bad boy, always. I had my good points and my bad ones. I was and still am just an average American boy, in a wonderful country.

### Harry Olive

On the eighth day of October in the year 1931, who should come but me. I was a ten pound baby boy who didn't cause my mother any more trouble that I could, they say.

I don't remember many things, but I'll start when I was in the first grade. One day, I became angry at my teacher so I stuck my tongue out at her. She looked around about the same time, and boy did I get the results!

## Harry Olive-Continued

I passed that year and went on to the second grade. I had a very good teacher but she was an "old maid." I still remember the day I was outside and I said "Here comes the old maid" and to my surprise she answered "Yep, here she comes." Right then I wished I could have faded away, but I couldn't. I finally passed into the fifth grade when we moved for the sixth time. Then the day came when I got to the eighth grade and passed to receive my diploma which I had waited so long to get.

Then highschool days started, which I thought would be easy with only four subjects. When I got my books they said, "There are two books for this subject and that subject." Boy! These subjects were hard. The Juniors called us Freshmen, "Greenies." Of all names they had to pick this one. We didn't like to be called "Greenies" but I think we were at that time, until after we were initiated.

My Sophomore year came and here I worked as Business Manager of the Clipper. I enjoyed this very much until I had to lick all of those stamps and envelopes to mail Clippers.

I am now in the Junior year. I can say I have enjoyed being with the Marine High School class of '49. I hope we all can be together when the day comes that we get that diploma.

## Alvin Trampe

The greatest calamity of all times happened on August 20, 1932. I was born to Mr. and Mrs. Arthur Trampe of Spanish Lake, Missouri. I came just in time for supper (I guess that's why I grew so tall).

The first thing I remember is when I was about 3 years old. I had a shepherd dog that followed me every place that I went. I would always follow my father and would get lost in the wheat field but my mother could find me because she could see the dog.

Then it was time for me to go to school. I went to Twillmann grade school my first 6 years. Then I went 1 3/4 years to a Parochial School. In the spring of that year we moved to a farm 3 miles north-east of Marine and I graduated from the Conn School.

I attended my first year of high school in Alhambra and the next year I chose Marine High as my school for the next two years.

The first year I came to Marine I played softball and basketball. I didn't get to play very much softball in the spring because Orville Wildhaber, Jr., fell on my back and I was out for 6 weeks.

This year I have again played on the softball and basketball teams and I hope that I don't have to quit playing because of some injury.

### Alvin Trampe-Continued

I have enjoyed my two years in Marine High School and the many happy days with my fellow schoolmates. If I had to do it all over again I would come to Marine High School.

I take time now to thank all my teachers for all they have done for me in my eleven years of school. I especially want to thank Miss Rainey and Mr. Schrage for helping me through my two years in Marine.

### John Voegele

I, John Edward Voegele, was the second child born to Mr. and Mrs. William Voegele, who resided at that time on a farm north of Newkirk, Oklahoma. This big event took place at the family physician's home in the wee hours of the morning of December 17, 1931. Lucky for me that I was well cared for, because on the fourth day after my birth, I had convulsions which almost caused my death. In fact, the Doctor did pronounce me dead, but, you see, I am here today to write my life history.

When I was two years old, another child was born to the family. Just before my third sister was born I had a bad fall cutting my face, and it was thought, at first, I had knocked my two upper front teeth out, but upon close examination, it was found they were knocked up into the gums. As time passed, the teeth grew down into place. About the time they were back to normal, I fell again, cutting my face and really knocking the teeth out.

Shortly afterwards my parents moved to my grandparents' farm west of Newkirk. We lived there about four years. The eventful happenings in those four years were a new sister; the oldest sister breaking her jaw; and I wanting to be smart, taking poison oak and rubbing it on my face. Soon after, I looked like a prize balloon. I was the neighbor's good side show for several days. It really taught me a lesson.

In October 1939, we moved south of Newkirk to a farm my parents bought shortly before Christmas of that year. Sadness then visited the family as my sister, five weeks of age, died.

When I was five I started to school at the parochial school at Newkirk. The second year was spent in a country school. The third year I went back to parochial school and in April of that year we moved to a farm north of Marine, Illinois. From that time I have attended Marine Public School.

### Margaret Ware

Seventeen years ago, March 11, I was born to Mr. and Mrs. Edward Ware in Minneapolis, Minnesota. I don't remember much of the time before I went to school except that I fell down the basement steps and cut my lip. I guess that I remember this because I still have the scar from it. When I was still small, Daddy built a trailer and we started traveling. I am sorry to say, I remember very little of this. When I

### Margaret Ware-Continued

was five years old, because Helen had to go to school, we had to stop traveling. We moved to a place near East St. Louis and went to Canteen School which I attended for four years. Then we moved to Marine.

In my fifth year I had an added attraction in my school work. I learned to play the French Horn under the direction of Mr. George Raffaele. At that time I thought he was just being "crabby" when he ordered work done perfectly and on time but now I see that he had to be strict in order to get anything done and I admire him for it.

I passed all my subjects in grade school without too much difficulty and then I was ready for High School.

High School wasn't too much different (except for recess) and there were many more activities to participate in. Dorothy Howard and I sold soda and candy at basketball games in my first year. In this same year I had the privilege of going to Granite City and playing a band solo in the district contest. After I got there I was scared and didn't do as well as I should have done, but I did take second place.

In my second and third years I enjoyed being cheerleader for the basketball team. In the spring of the second year I had a short vacation but made the work up later.

If I graduate this spring I hope to complete my education in Edwardsville.

### Doris Weber

One beautiful Sunday morning a baby girl was born to Mr. and Mrs. Edgar Weber. This was July 3, 1932. If this had happened one day later, I would have been a fire cracker. I had real long black hair which I would like to have kept, but to my disappointment I lost it and then my hair turned blond. It later turned to light brown, which I hope will continue to get darker.

When I was almost 3 1/2 years old I got a new baby sister, whom we named Betty. I stood and gazed at her in her buggy. She had big brown eyes. I was very proud of her, but also a little jealous because mother held her instead of me.

When I was six years old, I started to Hunter School. I enjoyed it very much. I played ball and other games with the older children, although they made me do most of the running. I finally grew wiser. I got a new bike during my first year at school. It was much too big for me. I had a hard time learning to ride it because my legs were too short and when I tipped over the bike always fell on me. My dad almost gave up hope of my taking off by myself, but finally I took off and rode to school, but many a time I came home with skinned knees.

While I was in the sixth grade we moved, and then I went to Loos

Doris Weber-Continued

School. I studied very hard at this school, mostly because I knew with in the next few years I would be taking final examinations, and I did not want to flunk. I was very anxious to go to High School because I had an idea I wouldn't have to study as hard, but much to my disappointment, I had to study harder.

During my three years of High School I belonged to the Glee Club, Latin Club, and Science Club.

Now I am a Junior and am hoping to be with my other classmates on the stage to receive my diploma. My days at M. H. S. have been very pleasant ones, and I hope my fourth year will be just as pleasant as the other three.

\*\*\*\*\*

Mama Skunk was worried because she could never keep track of her two children. They were named In and Out, and whenever In was in, Out was out; and if Out was in, In was out. One day she called Out in to her and told him to go out and bring In in. So Out went out and in no time at all he brought In in.

"Wonderful!" said Mama Skunk. "How, in all that great forest, could you find him in so short a time?"

"It was easy," said Out. "Instinct."

\*\*\*\*\*

Noah, after the flood subsided, opened the doors of the Ark and released the animals. All living things rushed to freedom, except two snakes who lingered in a corner. "Why don't you go forth and multiply?" asked Noah in a stern voice.

"We can't," moaned one. "We're adders."

\*\*\*\*\*

The new long skirts are truly bliss to girls with legs like this () or this ).

A strapping big soldier was being given a blood test by an inexperienced young nurse who jabbed half a dozen times with the needle before contacting a vein. When the operation was finally completed, the private made no move to go.

"Well, what are you waiting for?" demanded the nurse impatiently.

"The Purple Heart," replied the soldier.

\*\*\*\*\*

A Scotsman had just won a new car in a raffle but, far from being elated, he seemed decidedly glum. "What's the matter, Jock?" asked a friend.

"Mon," he answered, "'tis this other ticket. Why I ever bought it, I canna imagine."

\*\*\*\*\*

At a Hollywood wedding reception, one woman remarked how lovely the star looked as a bride, and another said sweetly, "Oh, she always does. She's thrown a bridal bouquet often enough to have pitched a nine-annin game."

# The Class of ---'50

The school bell has again summoned us to take our place among the loyal members of M. H. S. Having fulfilled the requirements of Freshmen in '48, we are now among those answering to the name of Sophisticated Sophomores.

Below I give you the roll call of those eight blue-blooded brandishers of books, the Angelic Sophomores.

Vera Lucille Olive, "baby-sister" (as Joe calls her), is 15 years of age, 5 feet 3 inches tall, has dark brown curls and brown eyes. She has charge of art work on the Clipper, is a member of the Sodalitas Latina and one of our basketball cheer-leaders. She enjoys skating, dancing, and watching television, especially the "dancing cigarettes." "Toni" seems to be her ideal.

Earl Jean Middleton, "Cooky" (that's what he is called), is 5 feet 7 inches tall, has light hair, eyes like skies when they're blue, and is 15. He is the business manager of the Clipper and one of our star basketball players. Although all the girls are after this shy, bashful little boy, his ideal is a short chubby freshman girl. His latest ambition is to be a man.

Kathleen Elizabeth Voegele, "Kathy" (as we call her), is 15, 5 feet 6 inches tall, has red hair and blue eyes. She figures in the band The Sodalistas Latina also claims her as a member. She aids Ione on the production staff of the Clipper. This active Sophomore enjoys dancing, softball, and basketball. She thinks "Toni" is so cute (I think most of the girls agree with her.)

Ione Ida Kolm, Ione, a dark blonde with those beautiful brown eyes, is 5 feet 5 1/2 inches tall and 16 years old. She belongs to the Sodalitas Latina and the Girl Scouts. She also serves as ticket girl at the basketball games and loves to dance, ice-skate, bowl, and sing. She is in charge of the production part of the Clipper. She says she has no ideal but our knowledge extends farther than that. Her ambition is to be a designer.

Rose Marie Stanley, Rose Marie, a little brunette from the country, is 5 feet 3 1/2 inches tall and is 16 years old. Her interests include going to the movies, playing softball, singing, reading, and cooking. She thinks Adolph has such pretty brown wavy hair.

Dorothy Helen Faires, "Dot" (that's what we call her), a short brunette, is 16 years old and is 5 feet 2 inches tall. She is in the 4-H, Girl Scouts, Sodalitas Latina, and is on Special Features in the Clipper. She is also interested in crocheting and playing the "pernano" (piano). Along with Vera, Kathleen, and others she appears to like a certain little Junior boy with curly hair (which I think is a Toni).

James Stanley, Junior, is 15, 5 feet 5 1/2 inches tall, and has dark brown hair and brown eyes. He enjoys playing softball, basketball, and hunting. His pet peeve is English. From his actions we think his ideal must be a short Sophomore girl and I don't mean his sister.

And because I'm such a modest little creature, I give Ione the gruesome task of enumerating the unimportant details.

June Carol Ware, June, is 15 years old, 5 feet 5 inches tall, and is a dark blonde with blue eyes. O'la, la!!!! She is a member of the Sodalitas Latina, is one of our four cheer-leaders, and is Editor of the Clipper. She loves to dance, skate, bowl, and to date. Her ideal is a tall blue-eyed blonde. Her ambition is to be a writer and to cure the bad case of bashfulness which a certain Sophomore boy has acquired.

#### C-H-U-C-K-L-E-S

A local insurance agent tells about the time he called on a widow and gave her the company's check for the amount of insurance her husband had carried. He asked her to take out a policy on her own life.

"I believe I will," she said, "my husband had such good luck with his."

\* \* \* \* \*

The lecture was emphasizing the demoralizing effect of divorce.

"Love," he said, "is quest, a proposal, a request; the the giving of a daughter in marriage, a bequest; and marriage itself the conquest. But what is divorce?"

Voice from the audience: "The inquest."

\* \* \* \* \*

The apple grower's young son came back from Sunday School quite thrilled over the story of Noah and the Ark.

"Did you know, dad," he asked, "that all the animals came out of the Ark in pairs?"

"All except the worms," said his father bitterly. "They came in apples."

\* \* \* \* \*

Diner: "Have you any wild duck?"

Waiter: "No, sir, but we can take a tame one and irritate it for you."

The Class of ---'51

The freshman class had sixteen members enrolled when school began. Then two quit, leaving fourteen, and Dorothy Gamblin moved to Salem, Missouri. Up to now, we have thirteen loyal members.

Taking them in alphabetical order, we shall begin with Barbara Bacon. She is 5 feet 4 inches tall, and has dark brown hair and eyes. She is a member of the Latin Club, the Band, and the Glee Club. She enjoys reading books and listening to the radio.

Next comes Doris Becker, a dark blonde with blue eyes. Her height is 5 feet 6 inches. She is a member of the Band and the Girl Scout Troop and also belongs to the Glee Club. Her favorite pastime is listening to the radio.

Then comes Dorothy Gamblin. She is 5 feet 7 inches tall and has brown hair and blue eyes. She also belongs to the Glee Club. She likes to listen to the radio. We are sorry to say she had to move to Missouri at the beginning of the second semester.

Still another girl is Norma Gene Gause. She is 5 feet 5 inches in height and has brown hair and blue eyes. She is a member of the Band and also belongs to the Glee Club. Her favorite pastime is sleeping.

The first boy is Donald Goodall. He is 5 feet 7 inches tall and has brown hair and eyes. He is assistant editor of the Clipper and belongs to the softball and basketball teams.

The next boy is Edwin Henke. He is 5 feet 7 inches tall and has blonde hair and blue eyes. He belongs to the Band, and the Latin Club, plays on the basketball and softball teams, and is an active member of the Boy Scout Troop.

Still another boy is Charles Johnson. He is 5 feet 7 inches tall and has dark brown hair and eyes. He belongs to the basketball and softball teams. His favorite pastime is reading.

Then comes James Manville. He is 5 feet 6 inches in height, with dark hair and brown eyes. He belongs to the basketball and softball teams and is a Boy Scout. He enjoys playing basketball.

Next comes Francis McGow. He has brown hair and blue green eyes. He is 5 feet 11 inches tall. He belongs to the Band, the basketball and softball teams, and is a Boy Scout.

Another girl is Ramona Schaefer. She is 4 feet 11 inches in height with blonde hair and blue eyes. She belongs to the Glee Club and is a Girl Scout. Her favorite pastime is sleeping.

Then another boy is Paul Vogelbacher. He is 5 feet 7 inches tall and has black hair and blue eyes. He is a member of the basketball and softball teams and is a Boy Scout. He enjoys wrestling.

And now we come to Marlene Wildhaber. She is 5 feet 2 inches in height, and has light brown hair and blue eyes. She is a member of the Glee Club, a Cheer Leader, and Vice-President of the Latin Club. Her favorite pastime is sleeping.

The last boy is William Wisnasky. He is 5 feet 10 inches tall and has brown hair and gray eyes. He belongs to the basketball and softball teams and is a member of the Boy Scout Troop. His favorite pastimes are hunting and riding his motor bicycle.

And now, the final member of the class is I, Sylvia Ann Wisnasky, but I shall have Barbara Bacon write about me. This is because you can never tell what I might say about myself.

Last is Sylvia Ann Wisnasky. She is 4 feet 11 inches in height, has brown hair and green eyes. She is a member of the Glee Club and the Latin Club. Her favorite pastime is working with embroidery work. She plans to be a teacher.

**INSTRUCTOR:** J. Storts.  
**1ST ROW:** N. Gause, S. Wisnaskey, D. Horn, L. Sharp, M. Wildhaber, B. Mayer.  
**2ND ROW:** I. Kolm, D. Gambelin, B. Bohnenstiehl, D. Loos, D. Loos, J. Kor-te, B. Bacon.  
**3RD ROW:** D. Faires, L. Gause, R. Stanley, D. Weber, K. Voegelé, D. Becker, R. Schaefer, S. Ware.

#### Latin Club

The Latin Club was again formed this year with thirteen members, many of them in their second year of Latin. Miss Rainey acts as our sponsor, Betty Bohnenstiehl as President, Marlene Wildhaber as Vice-President, and Doris Weber as Secretary. Meetings are held the last Tuesday of every month at the home of its members. With the help of this club, I think every one appreciates the study of Latin a little more.

#### The Clipper

The Clipper, our informer of the news in and about the school, is in its tenth year of publication. It is published by the Freshmen and Sophomores and supervised by Miss Rainey. June Ware is editor of this paper with Donald Goodall as assistant editor.

#### School Band

We have sixteen members in the band with six beginners who, we hope, will be attending regular rehearsals by the time this book is distributed. Band days are Tuesday afternoons and Friday mornings. We have several members that have done some outstanding work. Mrs. Storts is their director this year.

#### Boy Scouts

The eleven members of the boy scouts are in their second year of organization with Eugene Schneider as Scout Master. In February the

Scouts were taken to Granite City at the Y. M. C. A. for swimming. A new project has been taken this year; that of the scout patrol. The boys take turns a week at a time, one stationed at the corner by the Post Office and the other at the end of the block for the purpose of helping old and young alike across the street. The Scout officers are as follows: Virgil Korte, Scribe; Paul Vogelbacher, Patrol Leader; and Francis McGow, Junior Assistant Scout Master. The Boy Scouts are doing some very fine work this year and we urge every boy between the ages of twelve and eighteen to join.

#### Glee Club

This strictly feminine organization has enrolled twenty members this year. Mrs. Storts is sponsor with Norma Gene as Librarian and Barbara Bacon as Secretary. Their practice periods are held every Monday and Wednesday morning at 8:30. Their purpose is to interest others in the appreciation of music. They also take part in the plays given by the school.

#### Initiation

The regular Initiation of the Freshmen took place this year on September 16. Between eggs and tomatoes I think it is safe to say they are lucky to be alive. Games were played, the oath of the "greenies" was given and then came the weiner roast. A grand and glorious time was had by all.

#### Hallowe'en

A Hallowe'en party marked the witches' and goblins' night of '48 for Marine High and Junior High. All sorts of beautiful, comical, and scary costumes were seen, although their owners were unknown until after the grand march. Games and dancing kept the crowd merry until refreshments were served, which brought Hallowe'en to a very successful close.

\* \* \* \* \*

Sally: "My brother is playing hockey from correspondence school."

Margie: "How does he do that?"

Sally: "He mails them empty envelopes."

\* \* \* \* \*

Cowboy: "Putting your saddle on backward, aren't you?"

Dude rancher: "That's all you know about it, samarty. You don't even know which way I'm going."

# CALENDAR OF THE SCHOOL YEAR 1948-49

August 22--Registration for High School

## September

- 1--School Begins.
- 9--Sold Mariner "ads". Lots of fun.
- 16--Initiation. More fun that night. 16 Freshmen.
- 17--Freshmen look silly. Especially the boys dressed so feminine.  
(Girls, how did you feel when you saw "Pistol Packin Mama?")  
Ball Game--Defeated. Too bad.
- 23--Sold more Mariner ads. Some school kids were on a hay ride.  
Was it cold??
- 27--History Test. Murder!!

## October

- 1--Had to write a prologue for English.
- 19--Girls don't stay at the gym so long anymore. Nine minutes after school.
- 23--Formed the Latin Club.
- 28--Vera's Birthday Party.
- 29--Election of cheer leaders.
- 30--Got our report cards. Three Juniors on Honor Roll.
- 31--First Basketball Game with Alhambra. Marine victorious.

## November

- 1--Poor Marine. Halloween last night. Wonder why some of the boys looked sleepy??
- 3--Basketball game at Panama. Won 1 game. Cheerleaders also went with their new outfits.
- 5--2 victorious games with St. Jacob.
- 8--1 game with New Douglas. We won again.
- 9--Lost 2 games to Worden.
- 15--Visiting Day!! Hot Dog!!
- 17--Lost 2 games to Sorento by squeaky scores.
- 18--We are now having Progression Typing.
- 22--Played two games at Bethalto. Split.
- 24--6 week's tests! Murder!! Thanksgiving Service in the evening.

## December

- 2--Played New Douglas. 2 easy victories.
- 10--Interesting films were shown to the School. Also the Juniors had their pictures as well as the rest.
- 14--More Fog!! Visited Hoyleton and bagged 2 victories.
- 15--Sorento here for two games. Again we were beaten by 3 points.  
Unlucky 3!!

## December

- 16--Juniors went to have their pictures taken at the studio in Highland. Also had lots of fun. Can Janie drive, Jim? Is Doris a good hat-rack?
- 23--Bob Wildhaber visited us at school. Had a nice Christmas Party and gift exchange plus some snow outdoors.
- 28--Freshmen gave a skating party at the Troy Rink. No serious falls to report.

## January

- 3--Back to school again. Oh what a day in typing! Too many days off I guess. Donald Woll is back.
- 4--History test. Fairly easy compared to the previous ones. Mariner Staff meeting. Game at Worden.
- 5--Tried for free shots in Girls' P.E.
- 6--Studied the London Fire in English III. Someone saw it in a show last night.
- 7--Never anything different.
- 10--English test. Murder!(Need some tape, Margie?) Did you like that candy, Harry? Played something different in P. E.
- 12--Won the first game at the Panama Tournament.
- 13--Lost this game. Panama won.
- 14--Boys played hookey. Lost this game too.
- 18--Slick-ice. Power off.
- 19--No School. Power relieved us from our attendance.
- 20--Review for semester exams. Mariner Staff meeting.
- 21--Semester Exams.
- 22--Same dose.
- 25--Carl and Bob W. visited school. Back to work for new semester.

## February

- 2--Two Basketball games with Bunker Hill. Good games. (We won both, you see.)
- 3--Hoyleton came down for two games. Won again.
- 7--St. Jacob here. We won.
- 8--Took pictures for Mariner.
- 11--Girls went bowling in gym period.
- 14--Beautiful Valentines received!
- 17--Had Mariner meeting, sold Mariner subscription & took pictures.
- 18--Dreary Day (For who??)
- 21--Several pupils submitting enteries in a contest.
- 22--Latin Metting at Bacon's.
- 23--Picture show and Basketball Tournament at Venice.

"EXACTNESS"

Why should we, the school children of Marine or any other school in America be exact? Why should we spend a lot of time doing something that can be hurried through? Why should we strive for high grades, when we can loaf along and still pass our subjects?

Let me tell you why. We should be exact because we are Americans. People in other countries look up to us as being a people who are neat and exact in everything we do. They hear of the wonderful country of America and they wonder if what they hear is true. We, as future citizens of America should not let our teachers, parents, or our country down by not being exact for one minute.

We should spend enough time on what we are doing to do it, as well as we can. Why? Because we're proud of ourselves and want to keep right on being proud. What can give a hardworking student more encouragement, than a good mark on a paper on which he has spent considerable time? We should look forward to making neat, exact papers and receiving good grades.

A student should always strive to do his best and to be as neat and exact as he or she possibly can. If a student loafs along in his school work, isn't it most likely, that he will try to lazy along after he has received his diploma? No person can loaf and get along in this world of hardships and trouble. Although this country is one

of the best in the world, it is not without faults. No country is. We must take bad with good. But we can do something about the bad. We can stop loafing and get to work, be exact in all we do, and make this a country anyone would be proud to live in.

\*\*\*\*\*

As the humble editor of this edition of the Mariner, I wish to extend our hearty thanks to all the business men of Marine, Highland, and Edwardsville who so generously helped to support our annual. Because of their "ads" in our book, we are able to publish it at a reasonable price. These "ads," found at the rear of the book, are our main source of income. I wish also to thank the subscribers who have helped to make this publication possible. We sincerely hope you will enjoy our "tenth edition."

\*\*\*\*\*

Mr. George T. Wilkins, who was appointed to the office of Superintendent of Schools after the death of Mr. Wetzel, and his assistant superintendent, Mr. Brien, have become familiar to the pupils of Marine School as a result of several visits they have made here. Mrs. Irene Riehl, the reading supervisor of the primary and intermediate grades, has also visited the lower grades several times. We are always glad to have them come.

\*\*\*\*\*

The ceiling of the north room in high school has recently been cheerfully decorated with Nu-Wood Ceiling. It improves the appearance of the entire room and we hope that we soon will be fortunate in receiving fluorescent lighting.

June

Marlene

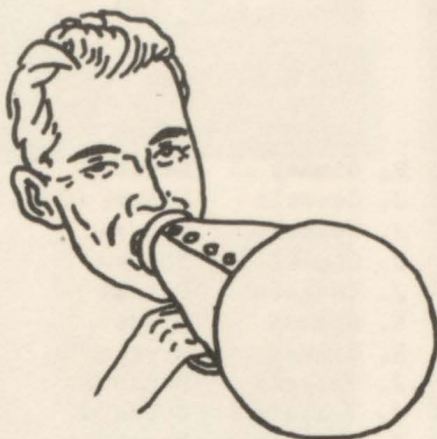

Yera

Margie

W. Wisnasky

The athletic teams of M. H. S. completed a fine season for the 1948-49 school year. In both softball and basketball the teams were able to win nearly half of their games in spite of stout opposition. We won two games of softball and lost two games of baseball. The basketball team won nine out of nineteen games. You will find the baseball and softball scores below and the basketball scores on the next page.

The four Cheerleaders were greatly responsible for the victories as well as the boys that played on the team. They gave the courage that the boys needed to win the nine games. We want to thank Margaret Ware, June Ware, Vera Olive, and Marlene Wildhaber for the great duty they have done for us.

The athletic boys want to thank Mr. Schrage for the coaching he has done for us. He has treated us as nice as any coach I know for the way we have treated him.

If the softball and baseball games, played last fall, are to serve as our example for this spring we will have a very good record.

#### GRADE SPORTS

Due to the shortage of boys in the upper grades, the grades weren't able to show as successful a season as the High School teams. Perhaps their record for the past season wasn't at all impressive, it must be remembered that the boys in the intermediate grades have gained some experience and in another years time, they should be able to give a fine account of themselves. This years team must be remembered for its courage when facing great odds, which indeed is a great tribute.

## FOR SAFETY OF YOUR ESTATE

Whether the Estate is large or small there are important reasons for making a Will. It enables one to carry out certain well conceived plans. Unless you make a Will, the laws of the State will divide your property - perhaps very different from the way you desire.

A Will made a number of years ago should be reviewed in the light of present conditions. The New Revenue Law makes some important changes.

Sentiment causes some to name a member of the family or friend as Executor or Trustee. They may not understand the duties imposed upon them, and too, they may die and a new Executor would be appointed by law - perhaps one you would not have chosen.

Why not give your Estate the benefit of the experience and group judgment which this bank can supply as YOUR Executor or Trustee.

You are invited to talk over with us this important matter and bring your attorney if you wish.
